1,000 Books Before Kindergarten

1,000 Books Before Kindergarten is a free program encouraging all parents and caregivers to read daily to their children before they start kindergarten, ensuring a solid foundation for learning.

Sharing books with your child from birth helps them learn the skills they need to become a reader. Reading with children develops vocabulary, increases interest in printed words, and instills a positive attitude about reading. Research shows these skills are the key to learning to read successfully.

It takes about 20 minutes to read 3 picture books. Do this every night and you will reach 1000 books in less than a year!
